GENERAL TERMS AND CONDITIONS

The Agreement for this project will be between the City and the successful applicant and will be administered by the department designated in the advertisement.

The general terms and conditions of the Agreement between the City and the successful applicant are set forth in the attached Agreement which is incorporated by reference herein.

SELECTION CRITERIA

The selection of the finalists will be based, at minimum, on the following criteria: prior similar experience; past performance on public and private projects; financial stability; and identity and qualifications of the consultants who will work with the applicant on the project, including professional registration when required.

Each applicant will be required to state what exceptions it has, if any, to the terms of the proposed Agreement, attached hereto. If no exceptions are raised, the applicant will be deemed to have waived any right to make exceptions thereafter. The City reserves the right to reject an applicant if, in the opinion of the City, the exceptions are inconsistent with the goals of the City.

SELECTION PROCESS

All proposals will be reviewed by the Designer Selection Committee ("the Committee"). The Committee will select a minimum of three (3) applicants to be interviewed ("the short list"). The Purchasing Agent will notify all applicants of the names of the applicants selected for the short list.

The short-listed applicants will be notified, either by mail, fax, or telephone, of the date, time and place for their interviews and any other pertinent information related thereto.

Within a reasonable period of time after the last interview, the Committee will forward to the City Manager its recommendation of the final ranking of the short-listed applicants. The City Manager may, at his sole discretion, interview any of the finalists.

The City Manager may accept or reject the ranking. The applicant selected by the City Manager will be notified either by mail, fax, or telephone of the selection. If the fee is to be negotiated, the selected applicant will be instructed by the Purchasing Agent to submit to the City Manager a fee proposal by a certain date. Negotiations will commence thereafter, until an acceptable fee has been reached. In the event negotiations are unsuccessful, the City will request the second ranked finalist, then if necessary the third ranked finalist, to submit a proposal in the same manner as for the first ranked finalist. In the unlikely event negotiations are unsuccessful with the three top finalists, the City may readvertise the RFP or may select additional finalists from the original pool of applicants.

Once successful negotiations have concluded or if the fee has been set, the City will prepare the appropriate number of contracts and submit them to the successful applicant for signature. Upon receipt of the executed contract and all other required documents, the City will have the contracts signed by the appropriate City officials and process a purchase order. Unless otherwise stated, the issuance of the purchase order is tantamount to a Notice to Proceed, at which time the successful applicant will be expected to begin work under the contract.

Such estimate shall indicate the cost of each category of work involved in constructing the Project (including, but not limited to, filed sub-trades) and shall establish the period of time for each category from the commencement to the completion of the construction of the Project. The detailed estimate shall include quantities of all materials and unit prices of labor and material, as well as a cost estimate containing individual line items for each item of work.

1.2.16. Substantial Completion - Substantial Completion means that the Work has been completed and opened to public use, except for minor incomplete or unsatisfactory items that do not materially impair the usefulness of the Work. The **Architect** shall decide what constitutes "minor," "incomplete," "unsatisfactory," and "materially" and the **Architect's** decision shall be final.

1.2.17. Work Change Directive - A Work Change Directive is a written directive to the Contractor issued on or after the date of the contract between the **City** and the Contractor and signed by the **City** and recommended by the **Architect** ordering an addition to, a deletion from, or a revision in the Work.

1.2.18. Work - The Work means the construction and services required by the Construction Documents, whether completed or partially completed, and includes all other labor, materials, equipment, and services provided or to be provided by the Contractor to fulfill its obligations. The Work may constitute the whole or a part of the Project.

3.2.4. Alternative Approaches. The **Architect** shall review with the **City** alternative approaches to the design and construction of the Project.

3.2.5. Schematic Design Documents. The **Architect** shall prepare, for approval by the **City**, Schematic Design Documents consisting of drawings and other documents illustrating the scale and relationship of Project components. Based upon the program approved by the **City**, as well as schedule and construction budget requirements, the Schematic Design Documents shall comply with all applicable laws, statutes, ordinances, codes, orders, rules, and regulations.

3.2.6. Independent Cost Estimators. As part of the Basic Services and when requested by the **City**, the **Architect** shall retain the services of an independent cost estimator whose responsibilities shall include without limitation all cost estimates described in this Agreement, estimates of the cost of Proposed Change Orders and assistance in establishing a Change Order budget, and review and confirmation of the Contractor's cost estimates.

(*Reference: M.G.L. c. 149, §44M*).

3.3. DESIGN DEVELOPMENT PHASE.

3.3.1. Commencement. The Design Development Phase begins upon the **City's** written approval of the **Architect's** Schematic Design Documents.

3.3.2. Preparation of Design Development Documents. Based on the approved Schematic Design Documents and any adjustments authorized by the **City** in the program, schedule, or construction budget, the **Architect** shall prepare, for approval by the **City**, Design Development Documents consisting of drawings and other documents to fix and describe the size and character of the Project as to architectural, structural, mechanical, and electrical systems; materials; and such other elements as may be appropriate. The Design Development Documents shall be complete and unambiguous and shall comply with all applicable laws, statutes, ordinances, codes, orders, rules, and regulations.

3.3.3. Adjustment to Statement of Probable Construction Cost. The **Architect** shall advise the **City** in writing of any adjustments to the Statement of Probable Construction Cost prior to the commencement of the Construction Document Phase. The approved adjustment of the Statement of Probable Construction Cost or the Statement of Probable Construction Cost, if there is no adjustment, shall constitute a fixed limit of Construction Cost as that term is used herein. Such fixed limit, once established, shall be adjusted only by written agreement of the **City** and the **Architect**, or as otherwise provided herein.

3.4. CONSTRUCTION DOCUMENT PHASE.

3.4.1. Commencement. The **Architect's** responsibility to provide Basic Services for the Construction Document Phase under this Agreement commences with the **City's** acceptance and approval of the Design Development Documents and ends on the date the Bidding and Award Phase commences.

3.4.2. Preparation of Plans and Specifications. Based on the approved Design Development Documents and any further adjustments in the scope or quality of the Project or in the construction budget authorized by the **City**, the **Architect** shall prepare, for approval by the **City**, Plans and Specifications setting forth in detail the requirements for the construction of the Project.

3.4.3. Preparation of Additional Bidding Information. The **Architect** shall assist the **City** in preparing the bidding documents when requested by the **City**.

3.4.4. City-Generated Forms and Documents. The **City** shall provide the **Architect** with copies of all **City**-generated forms and documents intended to be included in the Project Manual. The **Architect** will include these forms and documents in its Project Manual. It is the responsibility of the **Architect** to ensure that all such documents are included in the final Project Manual. Any costs incurred as a result of the failure of the **Architect** to include any such documents will be borne by the **Architect** and not charged to the **City**, where such failure is the fault of the **Architect**. The **Architect** may propose changes to these **City**-generated forms and documents; however, implementation of such changes are subject to the unilateral approval of the **City**. No changes may be made to such documents without the prior written consent of the **City**. The **Architect** shall prepare and submit to the **City** for approval the entire Project Manual. The **Architect** is responsible for ensuring that the Construction Documents comply with all statutory requirements. The **Architect** will cause the printing of the Project Manuals unless the **City** instructs the **Architect** otherwise. The Project Manuals shall be printed on paper with a minimum

of 30% post consumer content. The cost of producing such Project Manuals will be passed onto the **City** at cost.

3.4.5. Addenda. All addenda shall be issued by the Purchasing Agent; however, at the Purchasing Agent's sole discretion, the **Architect** may be called upon to prepare a draft of any such addenda. Any corrections to the Construction Documents which require an addendum will be made by the **Architect** at no charge to the **City**.

3.4.6. Printing of Project Manual. The **Architect** must provide the **City** with a final draft of the Project Manual and obtain approval from the **City** prior to printing. Any changes required to be made to the Construction Documents as a result of errors by the **Architect** or persons within its control will be promptly corrected at no cost to the **City**. The **Architect** shall make its best efforts to print Project Manuals on paper containing a minimum of thirty percent (30%) post consumer content.

3.4.7. Packaging the Project Manual. The **Architect** will require the printer of the Project Manual to wrap each set of Plans in a brown wrapper, or, if the Plans are small in number, fold each set of Plans and insert one set into each Project Manual.

3.4.8. Delivery of Project Manual. The **Architect** will use its best efforts to ensure that the Purchasing Department receives the number of Project Manuals requested by the Purchasing Department no later than 3:00 p.m. on the day prior to the first day of advertisement of the Invitation to Bid.

3.4.9. Adjustment to Statement of Probable Construction Cost. The **Architect** shall advise the **City** in writing of any adjustments to Statement of Probable Construction Cost indicated by changes in requirements or general market conditions.

3.5. BIDDING AND AWARD PHASE.

3.5.1. Commencement. The Bidding and Award Phase commences on the date the Invitation to Bid is first advertised pursuant to M.G.L. c. 149, §44J and ends on the date the Construction Phase begins.

3.5.2. Additional Bidders. The **Architect** shall assist the **City** in obtaining bids if, in the opinion of the Purchasing Agent, an insufficient number of persons requested the Project Manual. The **Architect** will notify "eligible" and "responsible" persons (as those terms are defined in the M.G.L. c. 149, §44A) of the Invitation to Bid.

3.5.3. When Lowest Bid Exceeds Total Construction Cost. If the lowest bona fide bid by a Contractor exceeds the total construction cost of the Project as set forth in the approved Statement of Probable Construction Costs by more than ten percent (10%), then upon the request of the **City**, the **Architect** will revise the Plans and Specifications in consultation with the **City** to reduce or modify the quality or quantity, or both, of the Work so that the total construction cost of the Project will not exceed the total construction cost set forth in the Statement of Probable Construction Costs by more than ten percent (10%). All revisions pursuant to this paragraph shall be at the **Architect's** sole cost and expense (which cost and expense include, but are not limited to the **Architect's** time, the cost of reprinting the Project Manual, and the cost of readvertisement of the Project).

3.5.4. Pre-Bid Conferences. The **Architect** shall attend all prebid conferences.

3.5.5. Investigation of Bidders. The **Architect** shall investigate, at minimum, the lowest Bidder. The investigation shall include, but is not limited to, reviewing the files maintained by the Division of Capital Asset Management, or any other governmental agency charged with maintaining such documents related to such Bidder, telephoning or writing owners of the Bidder's prior projects, telephoning or writing architects from such prior projects, visiting the sites of such other projects and checking all other appropriate references. The **Architect** shall provide the **City** with a detailed letter of recommendation of approval or disapproval of such Bidder. The letter must include relevant language from the appropriate state laws regarding the eligibility and responsibility of Bidders (i.e., M.G.L. c.149, §44A(1), or, if appropriate, M.G.L. c. 29, §29F). If the **Architect** recommends disapproval of the lowest Bidder, then the **Architect** must investigate the next lowest Bidder in the same manner described above, and continue to investigate each successive low Bidder until a Bidder is approved. For every Bidder investigated, the **Architect** must provide the **City** with a detailed letter as described above.

3.5.6. Preparation of Contract. To the extent required, the **Architect** shall assist the Purchasing Agent in the preparation of the construction contract.

3.6. CONSTRUCTION PHASE-ADMINISTRATION OF THE CONSTRUCTION CONTRACT.

3.6.1. Commencement. The Construction Phase commences with the full execution of the contract for construction and terminates on the date of expiration of all of the guarantees and warranties provided by the Contractor to the **City**.

3.6.2. Change in Architect's Duties, Etc. Construction Phase duties, responsibilities, and limitations of authority of the **Architect** shall not be extended without written agreement of the **City** and the **Architect**. Any restrictions or modifications to the **Architect's** duties and responsibilities can be imposed by the **City** without the consent of the **Architect**.

3.6.3. Preconstruction Conferences. The **Architect** shall attend all preconstruction conferences.

3.6.4. Site Visits. The **Architect** shall visit the Site at intervals appropriate to the stage of construction, but no less than once a week, or as otherwise agreed by the **City** and the **Architect**, to become familiar with the progress and quality of the Work and to determine with care if the Work is proceeding in accordance with the requirements of the Contract Documents. The **Architect** shall cause its engineering and other consultants to make similar Site visits, at such times as may be required for observation of portions of the Work designed and/or specified by them. The **Architect** shall not be required to make continuous on-site inspections to check the quality or quantity of the Work. The **Architect** shall promptly submit to the **City** a detailed written report subsequent to each on-site visit, which shall include any observation of material deviations by the Contractor or subcontractors from the requirements of the Contract Documents.

3.6.5. Job Meetings. There shall be no less than one job meeting per week. The **Architect** shall attend all job meetings. The number of meetings per week will depend on the complexity of the Project at a particular stage, the problems encountered on the Project, or the **City's** request that additional meetings be held. The **Architect** shall also be required to be present when governmental authorities having jurisdiction over the Project visit the Site to inspect the Work. The **Architect** will exercise good care and diligence in discovering and promptly reporting to the **City**, as well as to the Contractor, any defects or deficiencies in the Work.

3.6.6. Construction Means, Methods, Etc. The **Architect** shall not have

control over or charge of and shall not be responsible for construction means, methods, techniques, sequences, or procedures, or for safety precautions and programs in connection with the Work. However, the **Architect** shall promptly report to the **City** any perceived irregularities.

3.6.7. Contractor's Schedule. Except as otherwise provided in this Agreement, the **Architect** shall not be responsible for the Contractor's schedules or failure to carry out the Work in accordance with the Contract Documents, except to the extent that such failure is caused by the **Architect**. Except as otherwise provided in this Agreement, the **Architect** shall not have control over or charge of acts or omissions of the Contractor, its Subcontractors, or their agents or employees, or of any other persons performing portions of the Work. However, nothing in this paragraph shall relieve the **Architect** of its obligations to the **City** elsewhere in this Agreement. The **Architect** shall review all schedules presented by the Contractor and advise the **City** as to the appropriateness of same.

3.6.8. Communications. The **City** and the Contractor may communicate through the **Architect**. Communications by and with the **Architect's** consultants shall be through the **Architect**, unless the **City** deems it necessary or expedient to speak directly to the consultants.

3.6.9. Applications and Certifications for Payment. Based on the **Architect's** observations of the Work and evaluations of the Contractor's applications for payment, the **Architect** shall review and certify the appropriate amounts due the Contractor within five (5) business days after receipt of the Contractor's application for payment, and such certifications shall be in the form requested by the **City**. The **Architect's** certification for payment shall constitute a representation to the **City** based on the **Architect's** observations at the site and on the data comprising the Contractor's application for payment that the Work has progressed to the point indicated and the quality of Work is in accordance with the Contract Documents. The foregoing representations are subject to minor deviations from the Contract Documents correctable prior to completion and to specific qualifications expressed by the **Architect**. The **Architect** is required to review and validate the certified payrolls. The **Architect** is required to reconcile the applications for payment with the certified payrolls. The issuance of a certificate for payment shall further constitute a representation that the Contractor is entitled to payment in the amount certified. Timely payment of Contractor is required by M.G.L. c. 30, §39K; therefore, the **Architect** shall establish office procedures assuring either immediate mail or messenger delivery of the approved applications for payment to the **City**.

3.6.10. Rejection of Work. The **Architect** shall have the responsibility, obligation, and authority to reject Work which (1) does not conform to the Contract Documents; (2) which the **Architect** believes to be defective; and (3) the **Architect** believes will not produce a completed Project that conforms to the Contract Documents or that will prejudice the integrity of the design concept of the completed Project as a functioning whole as indicated by the Contract Documents and shall promptly notify the **City** of such rejection. Whenever the **Architect** considers it necessary or advisable for implementation of the intent of the Contract Documents, the **Architect** will have the responsibility, obligation, and authority to require additional inspection or testing of the Work in accordance with the provisions of the Contract Documents, whether or not such Work is fabricated, installed, or completed; provided, however, the **Architect** must obtain the **City's** prior written approval of any such special inspection or testing. However, neither this authority of the **Architect** nor a decision made in good faith either to exercise or not to exercise such authority shall give rise to a duty or responsibility of the **Architect** to the Contractor, Subcontractors, Suppliers, other persons performing portions of the Work.

3.6.11. Submittals. The **Architect** shall review and approve or take other appropriate

Agreement for Designer Services Page 20

action upon the Contractor's submittals such as Proposed Change Orders, Shop Drawings, Product Data, and Samples, for the purpose of: (a) determining compliance with applicable laws, statutes, ordinances, codes, orders, rules, and regulations; and (b) determining whether the Work, when completed, will be in compliance with the requirements of the Contract Documents. The **Architect's** action shall be taken with such reasonable promptness as to cause no delay in the Work taking into account the time periods set forth in the latest schedule prepared by the Contractor and approved by the **Architect** and, in any event, such action shall be taken within fourteen (14) days after submittal to the **Architect**. The **Architect** shall indemnify the **City** for any monies paid by the **City** to the Contractor as a result of the **Architect's** delay in taking appropriate action, as described above, where such delay is not caused in any part by the **City**. Review of such submittals is not conducted for the purpose of determining the accuracy and completeness of other details such as dimensions and quantities or for substantiating instructions for installation or performance of equipment or systems designated by the Contractor, all of which remain the responsibility of the Contractor to the extent required by the Contract Documents. The **Architect's** review shall not constitute approval of safety precautions or, unless otherwise specifically stated by the **Architect**, of construction means, methods, techniques, sequences, or procedures. The **Architect's** approval of a specific item shall not indicate approval of an assembly of which the item is a component. When professional certification of performance characteristics of materials, systems, or equipment is required by the Contract Documents, the **Architect** shall be entitled to rely upon such certification to establish that the materials, systems, or equipment will meet the performance criteria required by the Contract Documents.

3.6.12. Change Orders and Work Change Directives. The **Architect** shall prepare Change Orders and Work Change Directives, with supporting documentation and data if deemed necessary by the **Architect** for the approval and execution in accordance with the Contract Documents, and may authorize minor changes in the Work not involving an adjustment in the Contract Sum or an extension of the Contract Time (which is the time in which the Work reaches final completion) and which are not inconsistent with the intent of the Contract Documents.

3.6.13. Interpretations, Clarifications, and Decisions of the Architect.

3.6.13.1. The **Architect** will interpret, clarify, and decide matters concerning performance under and requirements of the Contract Documents on written request of either the **City** or the Contractor. The **Architect's** response to such requests will be made with reasonable promptness and within the time set forth herein. Any such written interpretations, clarifications, or decisions shall be binding on the **City** and the Contractor. Interpretations, clarifications, and decisions of the **Architect** shall be consistent with the intent of and reasonably inferable from the Contract Documents and shall be in writing or in the form of drawings. The **Architect** may, as the **Architect** judges desirable, issue additional drawings or instructions indicating in greater detail the construction or design of the various parts of the Work; such drawings or instructions may be effected by a Field Order or other notice to the Contractor, provided such drawings or instructions are reasonably consistent with the previously existing Contract Documents. The **Architect** shall not be liable for results of interpretations, clarifications, and decisions so rendered in good faith and in the absence of negligence by the **Architect**.

3.6.13.2. Time Limit for Rendering Decisions. The **Architect** shall render written interpretations, clarifications, and decisions within a reasonable time, but in no event more than seven (7) days after receipt of same.

3.6.14. Aesthetic Effect. The **Architect's** decisions on matters relating to aesthetic

Agreement for Designer Services Page 21

effect must be consistent with the **City's**. The **Architect** shall advise the **City** in matters relating to aesthetic effect; however, the **City's** decision in these matters shall be final.

3.6.15. Claims.

3.6.15.1. Initial Referral. All Claims, the bases of which arise prior to final payment or the earlier termination of the Contract, shall be referred initially to the **Architect** for action as provided herein.

3.6.15.2. Time Period and Action. The **Architect** shall review Claims and shall do one of the following within seven (7) days of receipt of the Claim:

3.6.15.2.1. defer any action with respect to all or any part of a Claim for the purpose of requesting and receiving additional information from either party;

3.6.15.2.2. decline to render a decision for any reason which it deems appropriate (including, but not limited to, the fact that the Claim involves allegations of fault on the part of the **Architect**); or

3.6.15.2.3. render a decision on all or a part of the Claim.

If the **Architect** requests additional information, the **Architect** shall take action with respect to the Claim no later than seven (7) days after receipt of the additional information. The **Architect** shall notify the parties in writing of its disposition of such Claim. If the **Architect** decides that the Work relating to such Claim should proceed regardless of its disposition of such Claim, the **Architect** shall issue to the Contractor a written order to proceed.

3.6.15.3. Decisions.

3.6.15.3.1. Decisions by the City or the Architect. (Reference: M.G.L. c. 30, §39P). In every case in which this Contract requires the **City**, any official, or its **Architect** to make a decision on interpretation of the Specifications, approval of equipment, material or any other approval, or progress of the Work, the decision shall be made promptly and, in any event, no later than [seven (7)] days after the written submission for decision; but if such decision requires extended investigation and study, the **City**, the official, or the **Architect** shall, within [seven (7)] days after the receipt of the submission, give the party making the submission written notice of the reasons why the decision cannot be made within the seven-day period and the date by which the decision will be made.

3.6.15.4. Resolved Claims. If a Claim is resolved, the **Architect** shall obtain or prepare the appropriate documentation and provide the **City** and the Contractor with a copy of same.

3.6.16. Determination of Substantial and Final Completion. On behalf of the **City**, the **Architect** shall conduct inspections, determine the dates of Substantial Completion and final completion, and shall issue a certificate of Substantial Completion, with the prior written consent of the **City**. Such inspections shall include a reasonable number of Site visits by the **Architect** and the **Architect's** engineering consultants. The **Architect** shall provide to the **City** a written report of all findings with recommendations for appropriate action. The **Architect** will receive and review (and approve or disapprove, as the case may be) written guarantees, operating manuals, spare parts lists, value charts, and related documents required by the Contract Documents to be

assembled by the Contractor. When the **Architect** is satisfied that all such documents are complete as required by the Contract Documents, the **Architect** shall issue a final certificate of payment.

3.6.17. Inspection Prior to End of Guarantee Period. Notwithstanding any other provision in this Agreement, at least thirty (30) days prior to the expiration of the Contractor's guarantee period, the **Architect** shall assist the **City** in inspecting the Project at the **City's** request and provide to the **City** a written report of all findings with recommendations for appropriate action. Such inspections shall include a reasonable number of Site visits by the **Architect** and the **Architect's** engineering consultants.

3.6.18. Certificate of Occupancy. The **Architect** shall be responsible for satisfying any and all requirements with respect to services of an architect necessary to obtain a permanent certificate of occupancy under the Commonwealth of Massachusetts State Building Code.

3.6.19. Limitation on the Architect's Responsibilities.

3.6.19.1. Neither the **Architect's** authority to act under the provisions of the Contract Documents nor any decision made by the **Architect** in good faith to exercise or not to exercise such authority shall give rise to any duty or responsibility of the **Architect** to the Contractor, any Subcontractor, any Supplier, any surety for any of them, or any other person.

3.6.19.1.1. The **Architect** will not have control over or charge of and will not be responsible for construction means, methods, techniques, sequences, or procedures, or for safety precautions and programs in connection with the Work, since these are solely the Contractor's responsibility as provided in Article 5 of the General Terms and Conditions. The **Architect** will not be responsible for the Contractor's failure to carry out the Work in accordance with the Contract Documents. The **Architect** will not have control over or charge of and will not be responsible for acts or omissions of the Contractor, Subcontractors, Suppliers, or of any other persons performing portions of the Work.

ARTICLE 4

ARCHITECT'S ADDITIONAL SERVICES

4.1. IN GENERAL. The services described hereunder shall be paid for by the **City** in addition to the compensation for Basic Services. Prior to performing any service which the **Architect** claims to be an Additional Service, the **Architect** shall notify the **City** in writing that the service is an Additional Service, and shall provide with such notice an estimate of the additional compensation which will be payable to the **Architect** for performing such service. Such service shall not be performed, nor shall such estimate be exceeded, without the **City's** prior written approval. Failure to so notify the **City** and obtain the **City's** written approval shall constitute a waiver of the **Architect's** claim for additional compensation on account of such services. These services shall be provided only if authorized or confirmed in writing by the **City**. Notwithstanding anything to the contrary in this Agreement, the **City** shall not be responsible to pay and the **Architect** shall not be entitled to receive compensation for any additional service if such service was required due to the fault of the **Architect** or the **Architect's** failure to perform in accordance with the terms of this Agreement. Neither the **Architect** nor its consultants shall be compensated for any services involved in preparing changes that are required for additional Work that should have been anticipated by the **Architect** in the preparation of the Construction Documents, as

reasonably determined by the **City**.
